“The advent of summers is the beginning of New session! New hopes! New aspirations”.

Some suggestions for the parents:-

- Make sure that you are spending quality time with your children and involve them in doing household chores together (like Gardening, going to nature walk and playing simple games etc).
 - Help them in reducing the screen time by motivating them to read good books.
- ❖ Only healthy food can't keep your body fit. Our body needs exercise too. So make your child do simple exercises and make record for one week. Revise yoga steps also.

- ❖ Plants are very important part of our life and our kids should be familiar with them too. So in this summer vacations tell your child to plant a sapling and water it daily. Take a picture of your child with the plant before & after watering it for several days and ask him/her to paste it in the scrap file.

- ❖ Play with your child with a ball. Help him/her kick, throw, catch; dribble the ball (helps in improving the concentration of the child).

- ❖ Always use four magical words like – Excuse me, sorry, Thank you, please.
- ❖ Prepare a dance or a song during the summer vacations.

❖ **Learn your Father's / Mother's phone No.**

❖ **Play a game where you ask your child to stand behind you. Then ask them to jump to your right or left as you stretch out your right or left hand and say 'right' or 'left' aloud.**

❖ Develop sharing and caring habit in your child.

❖ Make shape's flash cards like this.

❖ When mixed with artistic skills creativity it raises to levels beyond Imagination. And that's why we bring you and your ward the activity with Ice cream stick PUPPET. Prepare an ice cream stick puppet on the given topics:
